

Sessional Work Vacancies

1:1 Sessional Work - Variable Hours – Self employed

The **Deafness Resource Centre** is an approved supplier under a Local Authority Pseudo Dynamic Purchasing System for Support Services for Children, Young People and Families for Merseyside & Cheshire. We work with families who have children with a hearing loss and often other disabilities or health conditions; due to an expansion of this work we are looking to recruit Sessional Workers who have the necessary skills, knowledge and experience to work with D/deaf children and young people on a 1:1 basis.

Candidates should have a British Sign Language qualification at level 2 or above (or native BSL user), be honest, reliable and have the necessary initiative to work independently; to provide service users with a choice of, and access to, safe and stimulating activities within their local community. Experience of working with children and young people is essential as is the willingness to work evenings and weekends.

Candidates will be subject to appropriate pre-employment checks including referencing and Disclosure and Barring Service checks. If successful, candidates will be placed on an approved register and matched with individual children or young people as service requests are made.

If you would be interested in obtaining more information please call the number below for an informal chat. For an application pack please visit our website: www.deafnessresourcecentre.org or telephone **01744 23887**.
